

EPS/GEOG 251: Meteorology

Instructor: Dr. Deirdre Kann
Office: To be announced
E-mail: dkann@unm.edu, nonoanow@gmail.com
Office Hours: Mondays and Wednesdays 1:30-2:00 p.m. and 3:15 - 3:45 p.m., or by appointment

Class Hours: Mondays and Wednesdays 2:00-3:15p.m. Northrup 116

Class website: UNM Learn

Course Material: *Understanding Weather and Climate*, 7th Edition
Edward Aguado and James E. Burt
©2015 Pearson Education, Inc.
ISBN: 9780321987303

Additional reading material may be placed on the class website.

Course Objectives: This course is an introduction to weather and climate. Topics include solar and terrestrial radiation, atmospheric temperature, pressure and wind patterns, the global hydrologic cycle, global climates and their distribution, and climate change. Current weather and forecasts will be discussed weekly.

Coursework/Grading:	Exam #1	20%
	Exam #2	20%
	Exam #3	20%
	Assignment #1, #2, #3, #4	5% each
	Quiz #1, #2, #3, #4	5% each

No late assignments will be accepted. Make-up exams will be given only in extreme cases and only when notified by e-mail prior to the scheduled date. Exams are generally made up of short and long written answers and interpretation of figures and graphics.

Additionally, if you have special needs, please discuss them with me in advance so we can make all necessary arrangements.

Academic Integrity: Your work should be your own, therefore, copying, plagiarism or cheating will result in disciplinary action as defined by University of New Mexico policy.
